

Cursusaanbod ICT-professionals

Compu'Train

Als ICT-professional hebt u bij Compu'Train de keuze uit een ruim aanbod aan cursussen van leveranciers als Microsoft, VMware, Cisco, IBM en Novell. En ook voor open source software zoals Java en Linux kunt u bij ons terecht. Deze cursussen kunt u volgen in verschillende vormen, afhankelijk van uw doelstellingen en voorkeursleerstijl. Leren doet iedereen immers op zijn eigen manier en dat weten wij als geen ander.

Compu'Train verzorgt haar cursussen in de volgende cursusvormen:

- Expertisecentrum
- Klassikaal leren
 - Klassikale cursus
 - Begeleid certificeringstraject
- Blended leren
 - Bootcamp
 - Avondcursus en avondtraject

Flexibel, zelfstandig en met doorgangsgarantie?

Wilt u zelfstandig studeren onder begeleiding van een gecertificeerde docent en de zekerheid hebben dat een cursus doorgaat? Dan is het expertisecentrum voor u een goede keuze.

In een groep, op vaste tijden en met veel uitleg?

Hebt u behoefte om te discussiëren met groepsgenoten en een docent die bij elk onderwerp theoretische uitleg geeft. En wilt u ook de ruimte om zelf te oefenen. In dat geval past een klassikale cursus het beste bij u.

Alleen het noodzakelijke leren en snel certificeren?

Wanneer u een bootcamp volgt, bent u zo min mogelijk dagen van uw werkplek afwezig. Zelfstudie en een readiness test vooraf zorgen ervoor dat de onderwerpen waar u moeite mee hebt klassikaal worden behandeld. Na het volgen van de bootcamp is uw kennis up-to-date en bent u, na het behalen van het examen, gecertificeerd.

In de avond, gedeeltelijk zelfstudie en gedeeltelijk klassikaal?

Liever niet overdag trainen? U kunt ook kiezen voor een avondcursus of avondtraject, dit is een mix van een klassikale cursus in combinatie met een deel zelfstudie.

Een certificaat geeft zekerheid

Het aantal ICT-opleidingen is enorm, maar niet alle opleidingen zijn even goed. Om de kennis van ICT-professionals objectief te kunnen vaststellen, investeren softwareleveranciers in certificeringsprogramma's. Het certificaat dat daarmee behaald wordt, is een erkend bewijs van expertise. Zo zien potentiële werkgevers direct wat ze van u kunnen verwachten.

Compu'Train en certificeringsprogramma's

Als ICT-professional kunt u bij Compu'Train terecht voor een opleiding binnen een groot aantal certificeringsprogramma's. Er zijn twee mogelijkheden:

Kwalificatie voor een bepaalde functie

Denk hierbij aan de volgende mogelijkheden:

- Microsoft-Certification Framework: MCITP, MCPD
- Vorige generatie Microsoft certificeringen: MCDST, MCSA, MCSE
- Novell: CLP, CLE, NCA, NCE.

Specialisatie in een bepaald onderwerp

Denk hierbij aan de volgende mogelijkheden:

- Microsoft Certification Framework: MCTS
- Linux Professional Institute: LPI.

U kunt uw certificering behalen door middel van certificeringstrajecten of complete opleidingen.

Examen doen bij Compu'Train

Met onze cursussen doet u niet alleen praktische kennis op, we bereiden u ook voor op de examens. In onze Testing Centers in Utrecht, Amsterdam en Eindhoven/Son kunt u terecht voor de volgende, wereldwijd erkende ICT-examens, waaronder:

- Microsoft (alleen Prometric)
- Sun Java
- Adobe
- Novell
- CompTIA
- Citrix
- IBM/Lotus (alleen Prometric)
- Linux (LPI)
- Oracle (alleen Prometric)
- VMware
- Cisco.

Compu'Train is een officieel Testing Center van de examenleveranciers Vue, Prometric en Novell.

Kennis maakt het verschil

Als ICT-professional is optimale kennis van zaken een absolute voorwaarde om uw vak goed te kunnen uitoefenen. Alleen dan kunt u ICT-processen soepel laten verlopen en de meerwaarde leveren die van u verwacht wordt. Bij Compu'Train weten we dat als geen ander. Onze cursussen hebben daarom maar één doel: uw kennis op een hoger niveau brengen. Of u nu een ICT-manager, ontwikkelaar, applicatiebeheerder of een systeem/netwerkbeheerder bent.

Meer weten over ons cursusaanbod?

Deze brochure geeft een globaal overzicht van het Compu'Train-cursusaanbod. Wilt u meer weten, kijk dan op www.computrain.nl. Hier vindt u uitgebreide informatie over de cursusinhoud, het lesprogramma, de prijzen en de locaties van de cursussen. Maar u kunt natuurlijk ook bellen met een van onze opleidingsadviseurs: 0800-2667887.

Gemakkelijk online inschrijven

Via www.computrain.nl kunt u een inschrijving met een paar kliks regelen. Selecteer de door u gewenste cursus(sen) en voeg deze toe aan uw winkelmandje. Via de knop 'Direct inschrijven' kunt u vervolgens contactgegevens toevoegen en uw inschrijving afronden.
